# Our Vision

"To strive to be among the most preferred suppliers of readymade garments to The global market place"

# Our Mission

To delight our customers across the globe providing superior products and services of exceptional quality and value.

To create long-term shareholder value by meeting or exceeding our customers' expectations of quality, as we deliver our products and services on time and on budget.

This will be achieved by creating a fully participatory environment supported by necessary resources, while maintaining the highest ethical standards.

# Quality Policy Statement

**Baraka Fashions Limited** manufacture branded clothing using skilled personnel, quality products and the latest technology to meet our customer requirements and expectations.

This is achieved through our Quality Management System that meets the requirements of ISO 9001 and also ensures our business processes are carefully monitored, measured and controlled to promote a continual improvement in our business performance.

The Company is also committed to comply with all relevant statutory legislation and operating to industry best practice standards and guidelines.

In accordance with best management practices, particular attention is paid to the provision of a safe and healthy workplace, the reduction of our environmental impact, the training and development of our staff, increasing our customer satisfaction and the growth of mutually beneficial supplier relationships.

This policy is reviewed periodically at our management review meetings and is the basis for our quality objectives.

These are communicated to all employees and contractors to promote both their involvement and commitment for the improvement of our business.
